

Cross Checked

Fleet & Driver Management

AN INTELLIGENT FLEET & DRIVER MANAGEMENT SYSTEM VIA A SIMPLE QR CODE

One platform. One Scan. Total Compliance

www.crosschecked.co.uk

Cross Checked makes fleet and driver management effortless

With a platform designed to keep your day running smoothly.

Take full control of your company's vehicles with a simple, intuitive QR system built for efficiency and clarity.

Cross Checked gives you a single, centralised view of your entire fleet. Easily add vehicle details and track your fleet's condition at any time. Stay on top of servicing and maintenance schedules, receive instant notifications of defects, and ensure every vehicle remains safe, compliant and road-ready.

At Cross Checked, we understand that your time is best spent on running your business, not navigating complex systems. That's why we've built a simple, intuitive platform that delivers maximum impact. Our goal is to take the hassle out of fleet management so you can focus on what matters most: growing your business.

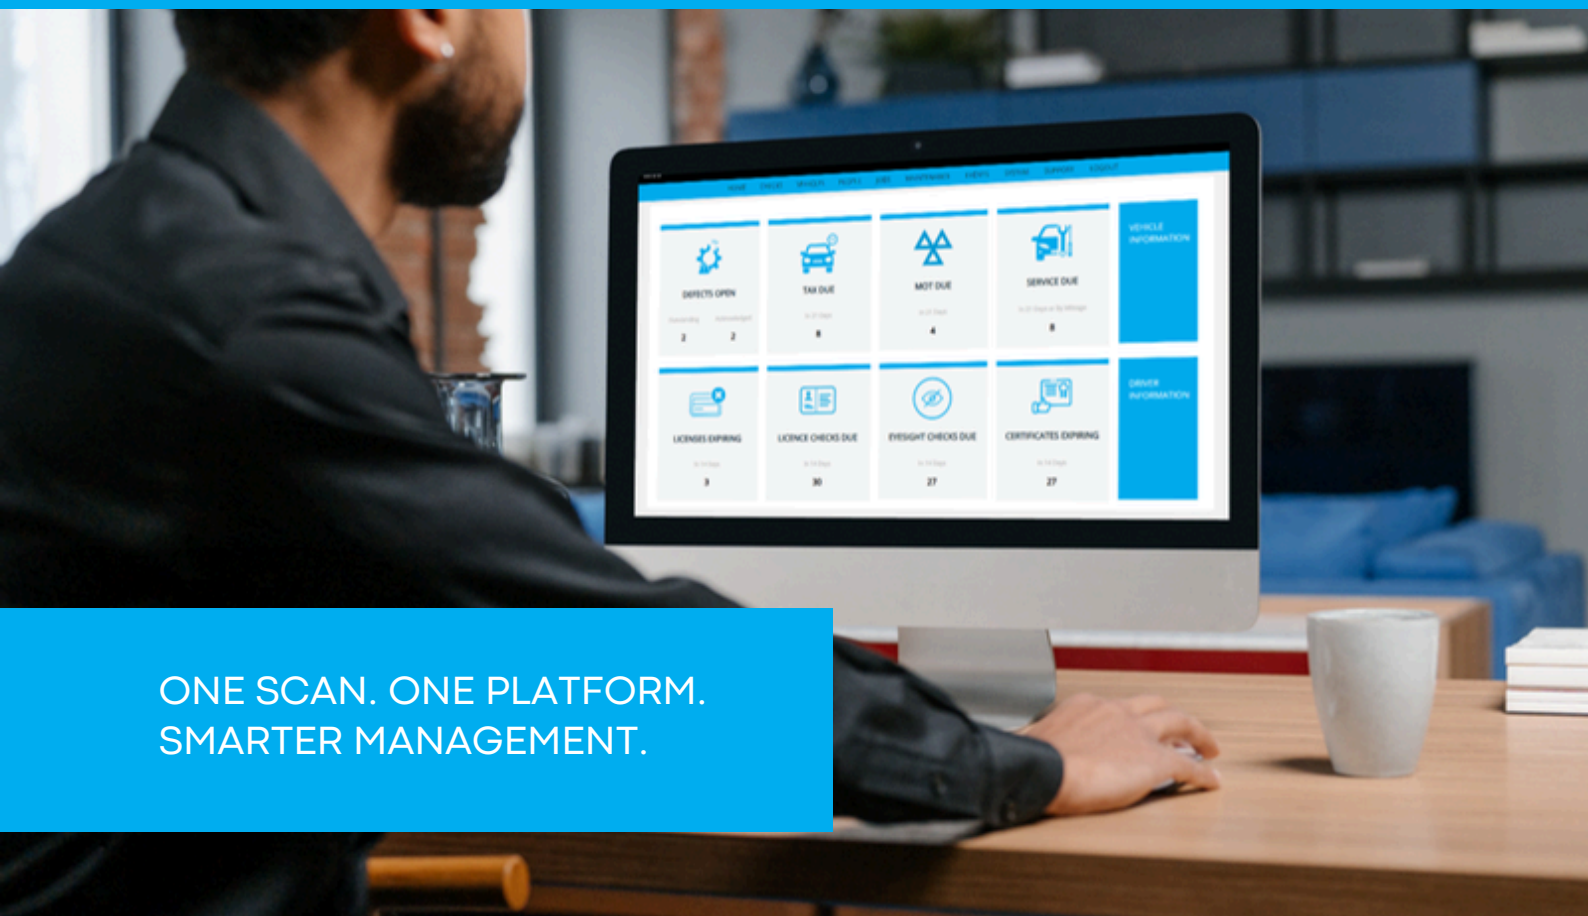

NO APPS. NO HASSLE.
JUST SCAN.

SEAMLESS VEHICLE MAINTENANCE & FLEET MANAGEMENT

Our platform enables your team to make smarter, data-driven decisions, reduce downtime, and optimise vehicle usage across your business. Whether you're managing a small fleet or hundreds of vehicles across multiple sites, Cross Checked brings visibility, control, and confidence to your operations.

Fleet management made effortless.

Securely centralises all driver and vehicle information, saving time and ensuring your fleet stays fully compliant, all in one easy-to-use QR code system.

ONE SCAN. ONE PLATFORM.
SMARTER MANAGEMENT.

FEATURES

With [Cross Checked](#), staying on top of vehicle maintenance is no longer a challenge. Our system helps you prevent breakdowns and compliance issues with automated alerts and custom maintenance schedules, so your vehicles are always road-ready, compliant, and safe to operate.

Key features include:

- Automated reminders for Tax, MOTs, inspections, and servicing
- Digital service records that keep your history organised and accessible
- Instant notifications for overdue checks or upcoming deadlines
- Real-time dashboard showing the status of your entire fleet at a glance
- Daily vehicle checks for your staff to maintain good maintenance
- Drivers have instant access to all relevant driving information, including accident packs, the Highway Code, insurance documents, and any other essential paperwork they may need

Say goodbye to spreadsheets and paperwork, and hello to a smarter way of working. With [Cross Checked](#), you can manage everything from one QR code-enabled platform that's accessible anywhere, with no app required and no contract commitment.

SMARTER FLEET MANAGEMENT
ONE SCAN AT A TIME.

REPORTS

At [Cross Checked](#), our portal comes with a range of pre-built report options, designed to make managing your fleet quicker, easier, and fully compliant.

With essential data at your fingertips, you can generate detailed, accurate reports in just a few clicks, freeing up more of your time to focus on other important areas of your business, while knowing you're meeting all the necessary compliance requirements.

YOUR SECURITY IS THE UTMOST...

We take your security seriously. Protecting your personal and business information is at the heart of everything we do.

Our QR code platform has been built with strict safeguards to ensure your data remains private, secure, and in your control at all times.

We will never sell, share, or pass your details to any third party, and we follow robust data protection practices to keep your information safe. You can use our system with complete confidence, knowing that your trust is as important to us as the service we provide.

SEAMLESS CONTROL WITH A
SINGLE SCAN.

QR CODE PORTAL

Accident Management

In the event of an incident, drivers simply scan the vehicle's unique QR code to instantly access and complete a pre-loaded accident report.

Maintenance Data

Managing vehicle maintenance is effortless. with instant access to its full service history, upcoming schedules, and compliance records.

Vehicle Health

You can monitor the condition of every vehicle in your fleet in seconds. Our system gives you a complete, up-to-date picture of its current health, helping you spot issues before they turn into costly repairs.

Tax Due

Our Tax Due feature helps keep your fleet compliant and on the road without disruption. Timely reminders for vehicle tax deadlines ensure you stay up to date with legal obligations, avoiding unnecessary penalties and downtime.

MOT Due

Our MOT Due feature takes the hassle out of remembering vehicle checks. The system automatically monitors when your MOT is approaching and sends timely reminders, ensuring you stay compliant and your vehicles remain roadworthy.

Service Due

Our Service Due feature keeps your fleet running smoothly by monitoring upcoming service dates and sending timely reminders. This ensures your vehicles are maintained on schedule, reducing downtime and helping you stay compliant.

Daily Checks

Our Daily Checks feature helps drivers carry out routine inspections to keep vehicles safe and roadworthy. The system makes it easy to log checks and report any issues straight away, so they can be resolved quickly and efficiently.

Defects Open

Our Defect Management feature tracks any reported defects, showing what is open, outstanding, and needs resolving. This ensures nothing is overlooked and helps keep your vehicles safe, compliant, and on the road.

Eyesight Checks Due

Stay on top of upcoming eyesight checks for every driver. Our system management makes it easy to schedule, track, and record results, ensuring drivers meet legal vision standards and remain road-ready.

Licence Expiry

Our system monitors the expiry dates of your driver's licences, helping to keep legal and compliant. Automatic alerts notify you when action is needed, ensuring your drivers remain qualified and fit to drive.

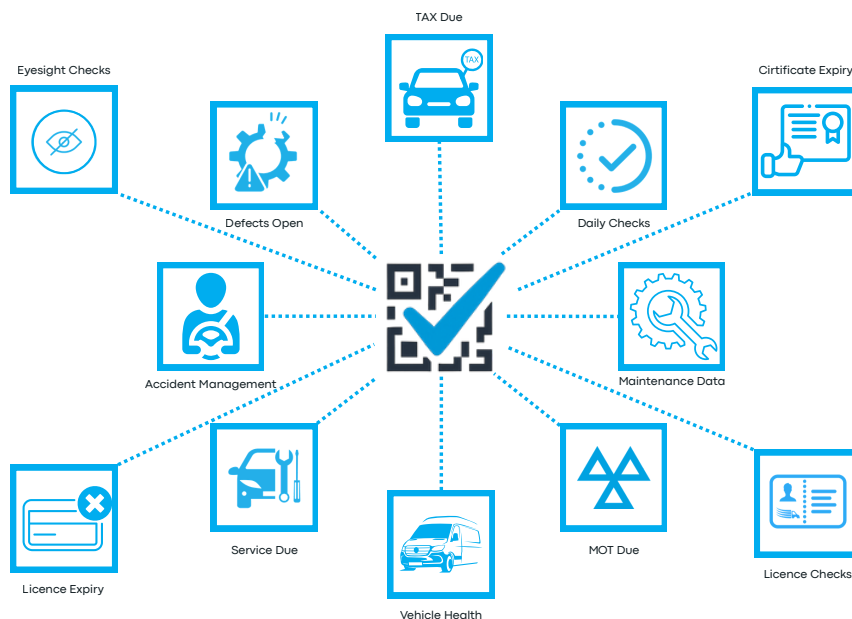

Licence Checks Due

Never miss a licence check date again. Our system notifies you when staff licence checks are due, helping you monitor endorsements and ensure your team remains compliant, qualified, and safe to drive.

Certificate Expiry

Never miss a driving certificate expiry date again. Our system notifies you when driving certificates, insurance documents, and other compliance records are due to expire, helping you stay organised, compliant, and up to date.

FLEXIBLE PRICING PLANS BUILT FOR YOUR BUSINESS

At [Cross Checked](#), we offer flexible plans tailored to your needs, with no long-term contracts. You're free to cancel anytime.

No contracts. No pressure. Just a plan that fits your business.
One-off setup fee.

---	---

At Cross Checked, we know that no two fleets are the same. That's why we offer tailored plans, so you only pay for what you need.

Whether you're managing a handful of drivers or a nationwide operation, our plan gives you full access to our QR code-powered platform, with options to add your own branding and generate detailed, actionable reports.

OUR MISSION

Efficiency

To make your fleet of vehicles management effortless by replacing complex processes with one simple QR code.

Confidence

To keep every vehicle road-ready, all through one secure QR scan.

Legal Obligations

To fulfil your legal obligations, including FORS, HSE, DVLA and DVSA standards while meeting your internal company requirements.

Time-Saving Innovation

To give businesses more time to focus on growth by automating fleet oversight in a single scan.

Visibility & Control

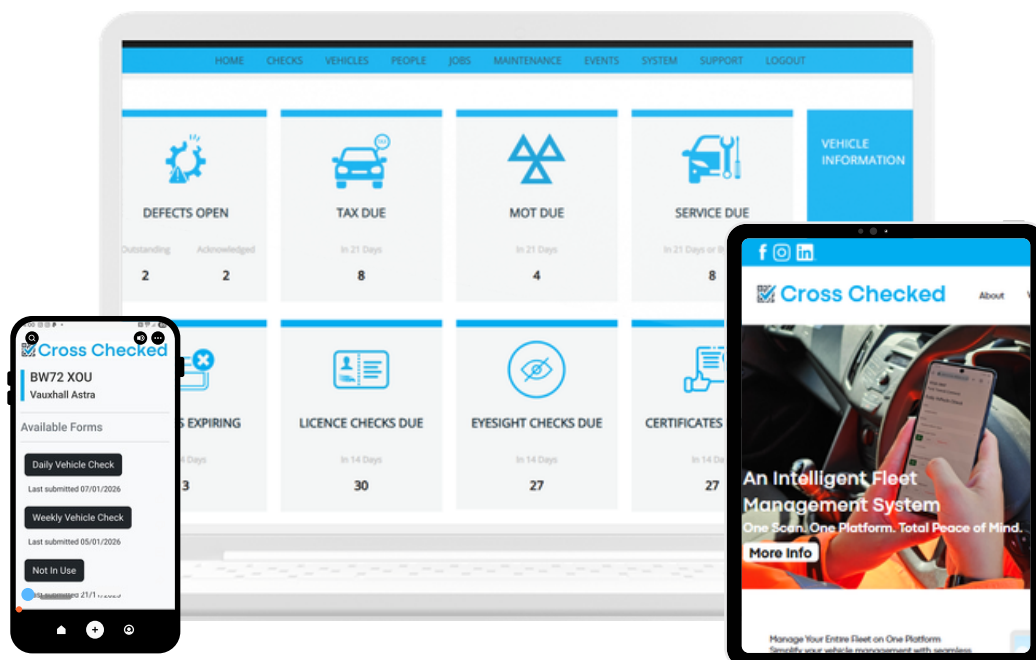

To put total fleet visibility and control in the palm of your hand, anywhere, anytime, with no apps

Safe Staff

The safety of your staff on the road is paramount, and our QR code system helps ensure every vehicle is safe, compliant, and ready for use.

Keeping your fleet safe, compliant, and road-ready — all with one simple QR code

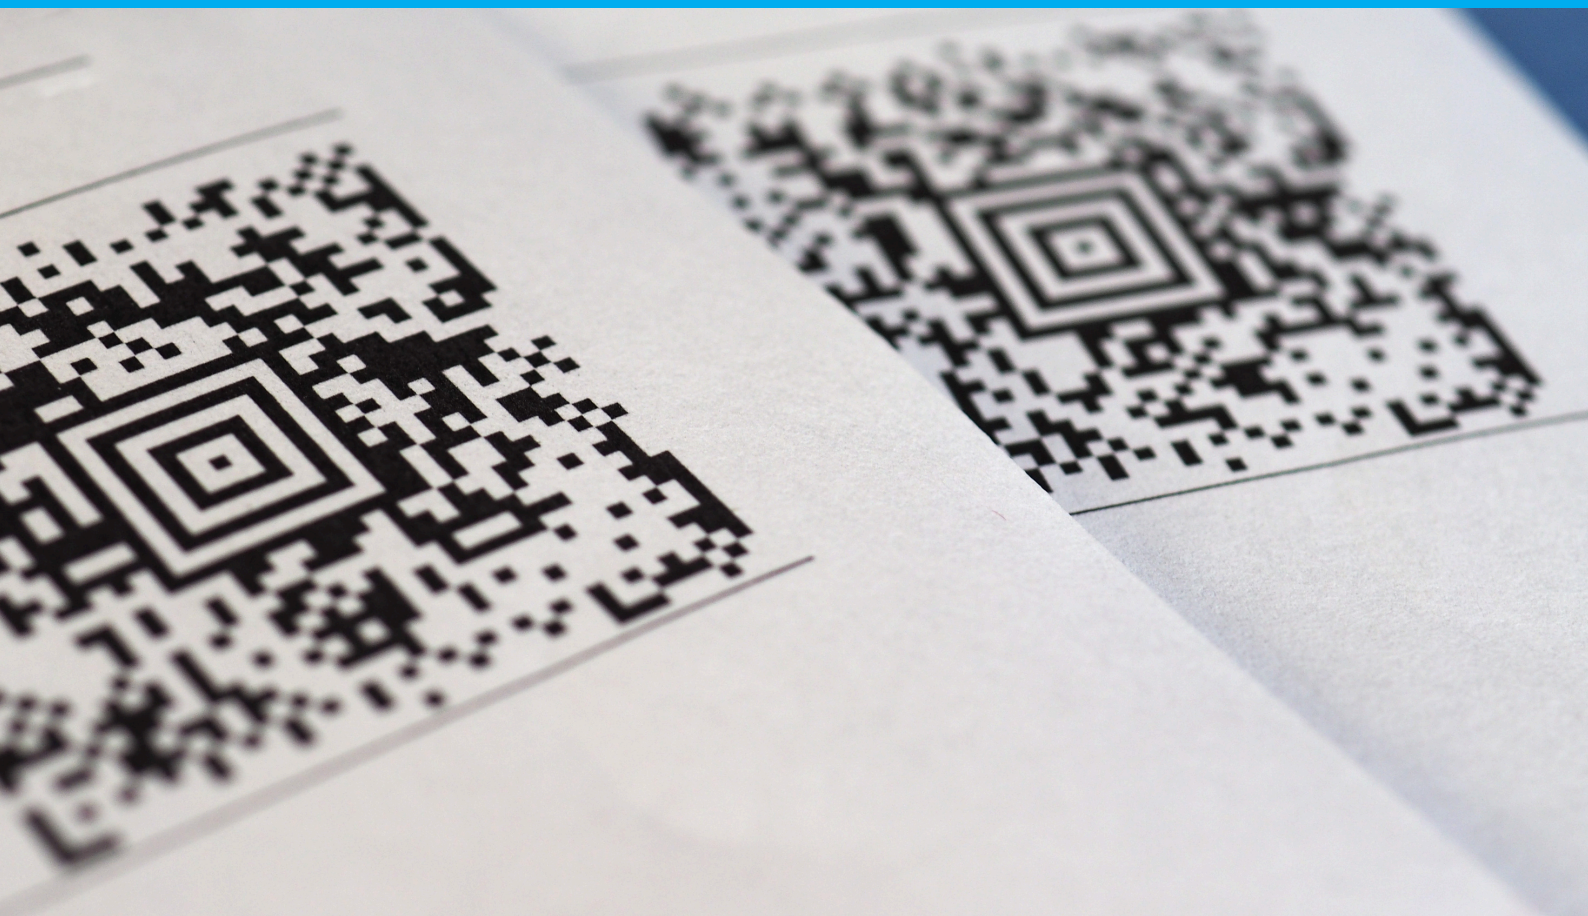

PRINTING/TAGS

FLEXIBLE QR CODE FORMATS TO SUIT YOUR FLEET

At Cross Checked, you have the flexibility to print and display your vehicle QR code in a range of formats to suit your operational environment. Whether your vehicles operate on-site, on the road, or in challenging conditions, QR codes can be produced in durable, practical formats designed to remain visible and accessible.

QR codes can be displayed as windscreen stickers, dashboard labels, laminated cards, or fixed vehicle tags, ensuring they are easily scanned by drivers and operatives before use. This flexibility allows each fleet to choose the most appropriate format for their vehicles, helping to encourage consistent checks and accurate reporting.

Manage Your Entire Fleet on One Platform

Simplify your vehicle management with seamless maintenance reporting and fleet oversight, all accessible through a single QR code. No apps. No paperwork. No hassle.
